## **Pendulums And The Light Communication With The Goddess Introduction**

### **Pendulums and the Light**

Healing with Pendulums For thousands of years, pendulums have been used as effective tools for divination and empowerment. In *Pendulums and the Light*, best-selling author Diane Stein explains how to attain unrivaled pendulum accuracy by asking a Be-ing of the Highest Light to guide your pendulum. If pendulums haven't worked for you in the past, you will find out why and learn how to use them perfectly now. Stein also describes how to make or buy pendulums that perform optimally for your specific energy and needs, and how to use pendulums in ways you have never thought of before. *Pendulums and the Light* transforms pendulums from a psychic novelty into a serious healing tool that works with the Light to help your everyday life.

Achieving the psychic protection of this energy creates a collective healing process that promotes positive energy and hope.

## **A Beginner's Guide to Using Pendulum Dowsing For Everyday Divination**

Pendulum divination, also known as dowsing, is the means of answering questions and determining outcomes by using a pendulum. This has been performed for thousands of years by scientists, shamans, spiritual and cultural leaders, midwives, and everyday people as a way of gaining knowledge. Pendulum divination is a way of creating a deeper relationship with one's intuition, and allowing a person to gain new perspectives by unlocking the possibly inhibited feelings contained within their subconscious. It is a way of translating subconscious feelings and thoughts into a physical motion that can be read with both the physical eyes and interpreted by the mind's eye. It is a fun and relaxing way to get to know yourself and gain personal introspection. After you have learned and studied dowsing, you can perform pendulum divinations for friends as well, providing them with another way to gain insight into their own lives. Pendulum divination and dowsing should only be used for positive purposes, and never to promote negativity or harm. Dowsing should be performed with a mind free from the confines of skepticism, stress, or preconceived expectations. It is not fortune telling or predicting the future, rather, it is a means of relaying information contained within the subconscious or from the vibrational energy of the universe. Take advantage of this great opportunity and take your magical journey to the next level by learning how to use pendulum dowsing for everyday

divination. Enjoy!

### **A Little Book of Pendulum Magic**

“By the study, experimentation and practice of natural healing, women are changing and charting the future of health care. Despite heavy resistance or lack of recognition from patriarchal medicine, they are nevertheless making positive changes that will continue and increase. Women’s emphasis on one-to-one work practiced in mutual agreement and participation is very different from mechanized and big-money medicine, and has results and successes far beyond expectations. The emphasis on self-healing returns health care to the consumer, to women’s lives and bodies, for the first time in centuries. The medical system cannot control a movement held in the hands of women, though it may try. Women are taking control again of healing, our daughter-right, for the first time since the matriarchies and the Inquisition.”—from the Introduction

In this book, shamanic practitioner Alberto Villoldo explains that the medicine wheel is also a wisdom wheel: an advanced tool for working toward personal and planetary transformation. By journeying through the wisdom wheel and its four directions—South, West, North, and East—each of which is associated with an archetypal animal and sacred journey, you will be able to access powerful healing energies and step into a new personal and collective destiny.

## **Orbs**

**The Crisis:** Best-selling author and visionary scientist Gregg Braden suggests that the hottest topics that divide us as families, cultures, and nations—seemingly disparate issues such as war, terrorism, abortion, genocide, poverty, economic collapse, climate change, and nuclear threats—are actually related. They all stem from a worldview based upon the false assumptions of an incomplete science. **The History:** The obsolete beliefs of our modern worldview have brought us to the brink of disaster and the loss of all that we cherish as a civilization. Our reluctance to accept new discoveries about our relationship to the earth, one another, and our ancient past keeps us locked into the thinking that has led to the crises threatening our lives today. **The Facts:** The scientific method allows for, and expects, new information to be revealed and assimilated into our existing beliefs. It's the updating of scientific knowledge with the new facts from new discoveries that is the key to keeping science honest, current, and meaningful. To continue teaching science that is not supported by the new discoveries—ones based upon accepted scientific methods—is not, in fact, scientific. But this is precisely what we see happening in traditional textbooks, classrooms, and mainstream media today. **The Opportunity:** Explore for yourself the discoveries that change 150 years of scientific beliefs, yet are still not reflected in mainstream thinking, including: • Evidence of advanced, near-ice age civilizations • The origin of, and reasons for, war in our ancient past, and why it may become obsolete in our time • The false assumptions of human evolution and of the Darwinian theory "Let the strongest live and the weakest die" and how this plays out in corporations, societies, warfare, and civilization today **Deep Truth** reveals new discoveries that change the way we think about everything from our personal relationships to civilization itself. When the facts become clear, our choices become obvious.

## **Deep Truth**

*Reiki: The True Story* is a comprehensive investigation of Reiki as both a healing practice and a lifelong path of spiritual awakening. Author and Reiki expert Don Beckett weaves together a new story about Reiki's origins and its founder's true vision. The foundation of this book is the teachings of a group of Reiki founder Makao Usui's original students, who held their master's knowledge in secrecy for more than seventy years. After a general introduction to Reiki, Beckett presents a thorough history of the discipline (including the testimony of some of Usui's students) as well as an in-depth manual for practice. The author rounds out his exploration with material from world renowned, contemporary Reiki Masters, Beckett's own insights into the

nature of Reiki energy, as well as information about the chakra system, yin and yang, and the Five Transformations. The book concludes with a chapter entitled "Beyond Reiki," which bridges knowledge of Reiki with the lesser-known practice of Johrei. Thorough explanations coupled with cutting-edge discoveries about Reiki's past make this a compelling volume for novice and experienced practitioners alike.
